REDVALE LANDFILL COMMUNITY LIAISON COMMITTEE

Current members are:

Mike Kunzli Chairman & Resident Liaison Officer
John McLean AC
Nigel Donovan AC
Bob Gibbs Local Resident
Bill Earwaker Local Resident
Richard Croker Local Resident
Kirk Storie Local Resident
Stephen Walker Local Resident
David Hardy NHTCC
Mark Drury Peer Review Panel
Martin Bradshaw DF Primary School BOT
Debbie Marshall DF Primary School Principal
Chris Wills Waste Management
Andy Vosper Waste Management
Rob Bailey Waste Management
Michelle Kennedy Waste Management

The Committee's role is to allow issues and concerns relating to the operation of the landfill to be debated and negotiated. Should you have any questions or concerns regarding Redvale Landfill please contact Andy Vosper on 09 427 0600 or your nearest Liaison Committee member.

Members were elected to the Committee by the community or have been appointed to represent particular interest groups. **Minutes of the meetings are available for perusal at the Waste Management NZ Ltd office**. Any member of the public is able to attend and be heard at these meetings as long as prior notice is given to the Committee.

History of Dairy Flat

The research for the Oral History / History of Dairy Flat is progressing well. It is hoped the book will be completed by the end of the year. Lynette Third the researcher & author is still keen to hear from anyone who has stories, anecdotes about the area - recent, older, interesting, funny or otherwise.

In particular she would like to interview or hear from people who were some of the earlier 10 acre "blockers "of the 1970's & 80's. Why did you move to Dairy Flat, what it was like, developments, community involvement etc. It's so important to have a record of everyday life.

If you could contact Lynette Third would be much appreciated.

Ph: 09 420 4910 Mobile: 021 786 325

DAIRY FLAT COMMUNITY TRUST

Current Trustees are:

Ken Stirling John Knowles Julie Earwaker Greg Taylor Graeme Stubbing Steven Earwaker Chris Wills Michelle Kennedy

The Dairy Flat Community Trust is a charitable Trust to administer and distribute monies provided for the Community of Dairy Flat by Waste Management NZ Ltd.

building Landfill Access Rd if you prefer.

<u>Waste Management NZ Ltd</u> – Contribution for the year 2014 presented by Andy Vosper, Regional Manager Redvale Landfill to the Dairy Flat Trust Members

Redvale Landfill

All earthworks were completed in May 2014, with the work on the northern landform creating a significant buffer between the landfill footprint and Horseshoe Bush Road. The construction team is bedding down for the winter, and focused on developing the plans for the next season, which will involve a much lower level of activity. There have been some additional peripheral landscape planting undertaken to the north and some infill planting has been completed on the western edges of the western property. Some minor works are planned for next year. We are considering what the northern area could be used for, and have had an approach from the Equestrian community for use of this area.

Further infill planting is scheduled for some areas along the boundary to Richards Road, to thicken up the screening.

With the heavy storms experienced over the last few weeks, the surface water system has been put through its paces, and performed very well. Operations have been focused in the central area of the of the site at RL90, and has completed some additional roadworks and paving on the main access road. An additional wheelwash system will be installed this year, to support the existing wheelwash and water truck in maintaining good road conditions.

The Hearing for the consent renewal is planned for 22-25 July at Orewa. Neighbours in the community have an opportunity to make submissions and have their say in the planning process. We believe Redvale can continue to meet the region's future needs operating to very high standards and we look forward to this application following the normal planning process.

At the wider company level, as of 1st July, it is confirmed that the formal change of ownership from Transpacific to Bejing Capital Group, and the company will be branded as Waste Management New Zealand Ltd. We will start to see the new logo and colours appearing in the coming weeks. An exciting time for us, a great opportunity for our people, and to strengthen commercial links between New Zealand and China.

All the best

Andy Vosper, Regional Manager – Redvale Landfill

REDVALE LANDFILL

Have your say on the Rodney Draft Local Board Plan 2014

Every three years the Rodney Local Board (RLB) has to by law consult with its residents over its plans to apply your rates over the coming 3 year period. Presently the RLB is seeking your submissions in respect to the Rodney Local Board Plan. This consultation process is due to conclude on August 6th 2014. It will indicate how your rates will be applied. However, if there is an issue which is "bothering" you and you feel Council has overlooked this matter in the past then <u>please</u> take the time to highlight this issue to Council by this submission process by firstly making a submission online at: <u>shapeauckland.co.nz</u>

Or if you have a query, call (09) 301 0101.

To give you context, let's consider the following.

Rodney is vast, making up almost half of the Auckland region. We treasure what we have. We are proud of our small close-knit communities who are willing to get out there and help themselves. We love our stunning beaches, sparkling harbours, rolling country hills and the rivers that form the backbone of our distinct rural areas we call home.

Seek improvements, here are several suggestions:

- Rural roads in Rodney are a disgrace and a health hazard.
- We lack footpaths around essential community facilities like schools, parks and halls.
- Public transport does not exist. We seek these services, particularly at peak times.

Remember anything goes. Please have your say and go online at shapeauckland.co.nz.

John McLean Rodney Local Board/Auckland Council

News from Local Clubs and Organisations

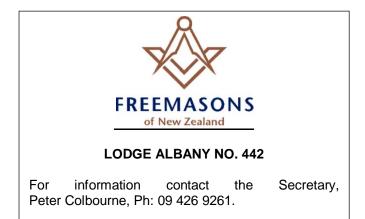

Contributions to the newsletter are welcome. The newsletter is printed every three months. Waste Management accepts no responsibility for the opinions expressed in the articles submitted to the newsletter. Dairy Flat Cubs

Term 2 was full of challenge for our cubs, we climbed a 30m high pole at Hibiscus Coast Youth Centre in the dark and the wind, several cubs made it right to the very top. We went on a treasure hunt in Alice Eaves reserve in the dark, wind and rain, and our last challenge was to complete a sponsored cycle ride round the Orewa Estuary. We joined with Taiaotea cubs and raised nearly \$1,000 for Conquer Cancer bike ride which Jo Saunderson, one of our leaders, is doing. We made some awesome go carts at Datum Projects, in Wairau Road, and have spent a few different evenings painting them, going to give them a run this term. We had a sleepover at Orewa Library which was lots of fun and then went on our 8th annual planting at Shakespear.

So for term 3 this year we are going to Mangawhai to Moirs Point Christian Camp which has an amazing water slide and flying fox, which we can incorporate with lots of other outdoor activities. We are going to do compass expeditions, learn magic tricks, discover the stars, attend the Gangshow in Takapuna and create our own performance for family and friends. Hopefully it will be another term full of fun and good times.

Jenny Forrester - Cub Leader - 09 427 8224

Dairy Flat School

It is amazing to realize that we are well into the second half of 2014. The science focus in Term two was lots of fun. The students were very engaged in their learning and loved discussing their experiments and discoveries. They showcased their work at our science display in the last week of the term. Parents were able to scan QR codes and watch the videos that some boards had attached.

It was great to see parents coming to discuss their students' learning at our recent parent interviews. Midyear report time is a good time to check how student achievement is tracking and what goals to work towards for the rest of the year.

This term is all about PIRATES!!!!!!! We have the production towards the end of the term and practices begin the first week of the term. There is also lots of sport; cross country, Rippa zone days, Netball zone day and inter school cross country. We will also be watching a show, Rap-unzel.

The Board of Trustees is continuing to work with the Ministry of Education to decide on the size, placement and design of a new building. We would love input from our community. Any ideas, suggestions and/or concerns will be considered in our decision making.

Planning for our annual AG Day is well underway. It seems that a number of lambs were orphaned during the horrible stormy weather during the holidays. We still have families looking for orphan lambs so get in touch with the school if you have any for our students to care for and raise.

Debbie Marshall - Principal

BOXFIT CLASSES

Get FIT without Getting HIT

Want to lose weight and tone up? Reduce stress levels? Incorporate bodyweight exercises?

NEW YEARS CLASSES HAVE STARTED – DROP SOME BODYFAT AND GET FITTER NOW!

Our popular **BOXFIT** classes utilise a combination of easy to follow exercises, using gloves and pads to get an all over body workout. You'll improve your fitness and increase muscle tone, while doing a fun group-based workout. No experience necessary – give it a try and see the results for yourself!

WHEN AND WHERE: 6.00pm Mondays at the Dairy Flat Hall.

Contact Diana Flynn, Certified Personal Trainer/Certified THUMP Boxing Instructor on 0274 888 768 or <u>diana.flynn@xtra.co.nz</u>

After School Caregiver

Looking for a caring, fun loving Nanny for your precious kiddies?

After school care is available in my very clean and safe home.

Please phone Liz - 09 421 1881

Greenpark Preschool

We have had another very busy term. The interest in dinosaurs has become a focus in the art room resulting in wonder 3D pictures of dinosaurs in the natural environment. At the moment the children are building Dioramas to include the dinosaurs they have drawn.

We had a walk through the paddocks from Greenpark to Dairy Flat School where we spent the morning. We had a shared mat-time with the new entrant class and had an opportunity to spend time outdoors in the sandpit, at the water play and in the family corner. The classroom was set up with interesting things to do such as puzzles and games which we were able to explore. Our Mums, Dads and Grandparents joined us for this outing. Many of our children feed into Dairy Flat School so this is a good opportunity for them to experience a little taste of their future school day.

We had a special shared mat-time at preschool this term the focus was on fitness through music and movement. Our parents joined us on the mat to experience some new songs that we have recently learnt. Everyone turned out in their 'Gym Gear' – lycra, leg warmers and head bands to mention just some of what we wore on that day. It was great fun and we explained to the parents the relevance of music and movement. The importance of children learning movement and balance, spacial awareness and strengthening the muscles in their hands and fingers. All these elements of exercise are essential for future learning. Writing skills and concentration span can benefit from such exercise.

We have been busy in the 'B4 5' school readiness group. We have a few children starting school in the third term and they have really benefitted from the games we play focusing on alphabet and number recognition.

We had a special invitation to visit to Murray's Bay Primary School to experience the celebration of Matariki – 'The Maori New year'. We were welcomed in the traditional Maori way and watched the Kapahaka Groups from local primary Schools performing. We completed this celebration by sharing in the Hangi (Meal cooked underground) that they had prepared hours before. What a wonderful opportunity to complete the term of educational experiences.

Please look at our website www.greenpark.net.nz for recent activities at Greenpark Preschool.

Dairy Flat Tennis Club

WINTERS ALMOST OVER!!

Wrapped in winter clothes and with snow to the south and floods in the north it seems impossible to believe that in a matter of a month or so the tennis season will be underway again. Bring it on!

We are having a working bee at the club on Sunday 10th August at 9.30am which all club members are encouraged to come along to and give a hand. If you come then we can all get home earlier. If you are a parent of a tennis playing child we also need your help. We are anticipating a couple of hours will be all that is required to clear up and clean up winter leftovers. Bring clippers, brooms, and spades etc and get some gardening practice in for your home spring gardening as well.

Registration and enrolment day is the following week....Sunday 17th August.... from 10am – 1pm at the Dairy Flat clubhouse on the corner of the Highway and Postman Rds. Already a member from last season then come along and renew your subscription for the upcoming year. Maybe your youngsters are learning tennis this season at the club. Then why don't YOU come along and play in our club night competition set up for players of all grades on a Monday and Tuesday evening. Or if you are looking for more serious competition then we have interclub teams for Men and Women along with midweek tennis for Ladies.

Juniors from 12 yrs up are given midweek coaching by club coach Damir Misic alongside their regular interclub games and the Saturday morning beginners groups are structured by Damir to encourage youngsters from 5yrs upwards who are picking up a racquet for the first time to progress through to being able to play and enjoy the game as they head towards teenage years.

Subscriptions are held at the same level as last year so we still have the best courts, the happiest members, the cheapest subs and the greatest little club on the North Shore. We look forward to seeing you all in the coming weeks and put those two dates in your diary now. If you need more information look out for the flyer in your letterbox soon or contact Stuart King 09 412 9654

Spring the light at the end of the tunnel or more mud?

Spring is not too far off- there are buds on my quince starting to swell and hint at blossoming. Don't feed your fruit trees too early; when the <u>green leaf</u> tips are evident, poking out after the flower buds, is about the right time. Too early and a lot of the nitrogen will be washed away before the tree can utilize it.

Its time to be finishing the major pruning, before the birds start nesting so shrubbery disturbance doesn't cause undue homelessness. Mulching is a great option for disposing of vegetation building up the humus layer, rather than burning it.

Those July storms certainly sorted out any trees whose roots were no longer as healthy as they needed to be to withstand the wind. Those once popular Cupressus hedges which are intolerant of heavy poorly drained soils and have been disintegrating over the years have been hit hard.

If you're thinking of putting in a shelter belt there are a few things you should consider prior to digging a hole and putting some saplings in.

Where is the hedge sited and who is it going to affect, trees are one of the major discussion topics between neighbours; often acrimonious.

Trees on boundaries; how big is it going to get, have you left enough room, who is going to maintain it, how often and at what cost? How is the "other side" going to be maintained, when and how? A neighbour is not going to be keen for you to drive machinery over wet paddocks especially in winter when feed is short, nor are you going to win any brownie points if they inherit a pruning job they had no desire for. If there is a mess who is going to rectify it, how are the pruning's going to be disposed of, are they toxic to stock? Cupressus macrocarpa and relatives are commonly attributed with causing abortion in stock.

Trees grow through fences and if these branches aren't cut back the fence will be damaged, a bit of timely pruning can prolong the life of a farm fence for many years. When trees fall or are cut on the boundary the fence often comes out the worse for wear and may no longer be as stock proof as it needs to be. Winter storms with winds such as we experienced last month mean trees have fallen on fences causing damage. If you have planted trees go and check around your boundaries after a storm and see what damage has occurred and talk to your neighbour about how best to go about any remedial work, it's far more likely to build positive relations than to ignore the problem and have them draw it to your attention.

The other biggy when planting is <u>before</u> digging the hole, stop and **LOOK UP**, are there any power lines? Picture the <u>mature</u> plant, the tiny little thing is going to grow will you be responsible for the local black out???

Any further inquiries you can contact me: Lisa Clapperton Waitoki Plants 09 420 5455

Silverdale Squash Club

Silverdale Squash Club hosted the National Master's Tournament (with Red Beach) in May this year and we were delighted to see 14 teams participating. Sadly it wasn't Silverdale Squash club that won, but on the positive side, we did win the best food provided ever! (Judged by ourselves). (Manurewa won both divisons, but who's counting!)

The club's own Open Tournament will run 14 -16 August and this always proves to be a great social event as well as pretty nifty squash played. It also boosts the bar takings for the club, so come along, enjoy the company and see for yourself!

The club was lucky enough to receive funding from NZ Community Trust for new lighting, which should be installed in the next couple of weeks. This will update the old (and often dull) lighting we have been playing with for some time. The down side is that we will lose our home side advantage of avoiding the low slung fluorescent lights, which always takes visiting teams by surprise!

Business House squash will be starting again soon. Mostly a social exercise, this competition gives those who either haven't played for a long time or haven't played at all, the opportunity to dust off their old racquet and have a bit if fun and exercise. Of course the bar is always open on these occasions so you can instantly undo any good you gained from the exercise by having a beer with your opponent!

For juniors, tuition is still being run by the club's coach on Friday evenings – so if anyone under 16 is interested, email the club at <u>tonyforde@hotmail.co.nz</u> or see our Facebook page.

We are always looking for new members – new to the game or experienced. Come along to Club Night on Thursday evenings 7.30 onwards and give it a go. For more information contact the club president Tony Forde at tonyforde@hotmail.co.nz

Third Friday of the month Jam/Club night Music Club 7.30-11.30pm

Dairy Flat Veterinary Clinic

Lambing is upon us and sometimes it doesn't go right and we end up with dead lambs. Here are four major reasons of what can go wrong:

• Toxoplasmosis (toxo): Pregnant ladies may recognise this one. This is the protozoa parasite that is found in cat faeces. Toxo can affect most pregnant animals and causes abortion. Luckily once infected or vaccinated, the animal is immune for life. Also we do not recommend getting rid of your cat. If you do, it is more likely that some scruffy feral cat will come in and take over the territory.

A single vaccination of Toxovac given before tupping (mating) of your first time breeders can prevent these types of abortions

• Campylobacter (once called vibrio): This bacterium causes abortion, still-born or weak lambs and is spread from sheep to sheep. Campy may cause the ewe to look illthrifty and may also give her diarrhoea. It's very contagious, so separation of your sick ewes from your healthy is very important. Cleaning up any abortion materials is advised being that birds can carry the disease to other areas of your farm or another property. There is a vaccination for this disease as well.

• Sleepy Sickness: This is a metabolic disease often in fat ewes, older ewes, or ewes that have twins/triplets. When the ewe's babies get too big, two things happen. 1. They take up more of the ewe's energy and 2. they prevent her from eating enough because there isn't enough room in her abdomen for both a good amount of food and the foetuses. This causes her to use up her fat reserves which causes Ketosis (when the blood gets too acidic). This can also happen when ewes just don't get enough food such as during stormy weather. You can imagine how your ewe would look if she doesn't have enough energy and her blood is acidic – sleepy, woozy, and sad. If any of your ewes have this appearance, rush to the vet to get some Ketol or other energy supplement to help reverse her disease or she or her lambs may die.

• Dystocia (birthing problems): In some cases the ewe and lamb can be completely normal until the ewe starts to lamb. Birthing is a tricky process: the lamb must present properly, the cervix must open, and the uterus must be normal to push properly. The previous newsletter reviewed normal birthing. If your ewe is having trouble, call the vet.

If you have any worries over the health of your ewes or lambs, please call us! We would love to help Dairy Flat Vets

Silverdale Pony Club

ENROLLMENT DAY 6th SEPTEMBER 2014 4pm - 5pm

Waste Management Building. Landfill Access Road.

Silverdale Pony Club is the club for you.

WE ARE A FUN AND FAMILY ORIENTATED CLUB WHO PRIDE OURSELVES IN OFFERING GOOD TEACHING PRACTICES AND A WARM AND FRIENDLY ENVIRONMENT

We have fantastic coaches with huge enthusiasm for your developing horsemanship and riding talents combined with structured teaching lesson plans for all certificate levels from D through to A.

You can start from a first time lead rein or join at any certificate level.

We also have an Adult Ride for the beginner or experienced rider and you don't need to have a child riding at our Pony Club to join.

As a member of the Silverdale Pony club, you have access to ride on the 300+ acre farm whenever you want (some conditions apply), and full use of the cross country course which we are constantly improving on.

Our rally nights are at our green road grounds on Tuesdays 5:30pm to 7:30pm during the months of daylight savings.

BBQ sausages and burgers available to purchase at Mounted Rallies.

Any Enquiries, please phone our President Cathy on 09 426 6309

Fitness League N Z

Our Motto is 'Movement is Life' so fitness for the over 50's should not be a scary scenario. You are never too old to exercise, and in our classes everyone works at their own level.

The combination of a well thought out class plan, and popular music, make for a lively and stimulating time, to give you that 'feel good 'factor.

Some members enjoy a social time after class and firm friendships have been made between them.

Silverdale members meet at the Silverdale hall on a Monday morning at 10 am for an hour's class-and Albany meet at the Albany hall on a Wednesday morning at 9 30am. You would be very welcome to come and join us at either class. There are even some who attend both.

For further information please contact me on 09 4240402 or email <u>olivem@clear.net.nz</u>

Shore House Sitters

Going Away This Summer?

Wondering who will feed the cat, walk the dog, check on the horses, move the sheep...?

Having a house sitter can have many benefits including:

- Happy, stress-free pets, looked after in their own home with all of their usual comforts, cuddles, warmth & walks.
- Secure home, with that lived in look; the lights are on, a car in the drive, washing on the line, the letterbox cleared.
- Keeping it green, your plants and lawns can even enjoy some attention to keep them looking lush.

We are Carrie and Paul, taking pleasure in looking after a variety of families and homes around Auckland for the last 18 months including life style blocks in the Rodney District. Fond of animals, we have been companions for cats, dogs, horses, cows, sheep, goats, chooks and the family gold fish.

Carrie works part time in Albany whilst Paul is setting up a home based internet business. Together, we work as a team to make sure your place is secure with someone around much of the time whilst your furry family members get all the love and attention they want.

If you're going away call us for a meet & greet, we'd love to meet your family and discuss your needs.

Looking forward to hearing from you soon,

Carrie & Paul
