REDDALE LANDFILL COMMUNITY LIAISON COMMITTEE

Current members:

Mike Kunzli -----Chairman & Resident Liaison Officer
John McLean ----- AC
Nigel Donovan ----- AC
Bob Gibbs ----- Local Resident
Bill Earwaker ----- Local Resident
Kirk Storie ----- Local Resident
Richard Croker----- Local Resident
Rob Leinwand ----- Local Resident
Roger Sorensen----- Local Resident
Stephen Walker ----- Local Resident
David Hardy ----- NHTCC
Debbie Marshall ----- DF Primary School Principal
Martin Bradshaw ----- DF Primary School BOT
Mark Drury ----- Peer Review Panel
Chris Wills ----- Waste Management
Andy Vosper ----- Waste Management
Rob Bailey ----- Waste Management
Michelle Kennedy ----- Waste Management

The Committee's role is to allow issues and concerns relating to the operation of the landfill to be debated and negotiated. Should you have any questions or concerns regarding Redvale Landfill please contact Andy Vosper on 09 427 0600 or your nearest Liaison Committee member.

Members were elected to the Committee by the community or have been appointed to represent particular interest groups. **Minutes of the meetings are available for perusal at the Waste Management NZ Ltd office.** Any member of the public is able to attend and be heard at these meetings as long as at least two days' notice is given to the Secretary Michelle on Redvale@wastemanagement.co.nz or phone 09 427 0600

DAIRY FLAT COMMUNITY TRUST

Current Trustees:

Ken Stirling	Treve Kunzli
Julie Earwaker	Greg Taylor
Graeme Stubbing	Steven Earwaker
Andy Vosper	Michelle Kennedy

The Dairy Flat Community Trust is a charitable Trust to administer and distribute monies provided for the Community of Dairy Flat by Waste Management NZ Ltd. Please see our Trust website:

Chairperson - Greg Taylor Ph: 415 6643 or 426 0606
Secretary/Treasurer - Michelle Kennedy Ph: 427 0600

Redvale Landfill

Welcome to 2016. What a summer it's been already. Our earthworks programme has been forging ahead of schedule, both for the new cell development and also the capping and restoration of the northern and eastern slopes. Works will continue over the coming months.

We made good progress prior to Christmas with the completion of the acoustic barrier to the southwest of the Generators, which reduces the impact of generator noise to the residents of Richards Road.

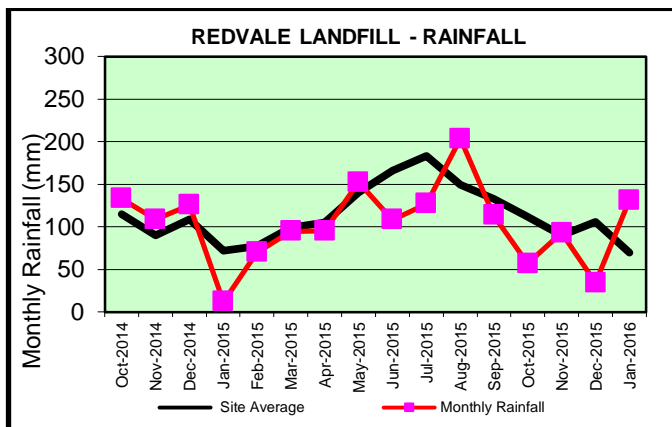

The Environment Court interim decision was made and released in late October, which provides for an extension in time to 2028.

Landfilling has been moving westwards in the last few weeks, and operations are utilising the northern boundary for soil placement to help provide a further buffer to residents of Horseshoe Bush Rd and Tender Road.

We have expanded the general engineering apprenticeship programme in place for the Energy Park team, and are looking to further grow this team. We are committed to providing employment for the community, and see the apprenticeship programme as a way of providing young people opportunities to commence their career locally. We also have vacancies for experienced equipment operators and Class 5 drivers. Anyone interested to find out more please drop by or phone into Michelle at reception – 09 427 0600.

We continue to strive for the best.

Andy Vosper, Regional Manager – Redvale Landfill

News from Local Clubs and Organisations

Contributions to the newsletter are welcome. The newsletter is printed every three months. Waste Management accepts no responsibility for the opinions expressed in the articles submitted to the newsletter.

Redvale@wastemanagement.co.nz

Community Liaison Chairman's Comment

This is the first newsletter for 2016, with further newsletters to appear in May, August & November.

The current consent process (landfill time extension) continues with the final judgement yet to be made. A decision has actually been made on the time extension with the life of the landfill extended 5 years to 2028 and it is some of the associated terms & conditions still under discussion that is delaying the final judgement. No further appeals are expected at this time.

This will bring some peace to the community but only as far as Redvale Landfill is concerned. There is now a new battle upon the wider community facing new/further clean fills and managed fills (there is a difference) under current consent process. Two larger managed fills proposed for Blackbridge Road are worthy of note and have the potential to have a huge impact on Dairy Flat, (not just Blackbridge Road). I believe BEPS (Blackbridge Environmental Protection Society) will have something in this newsletter and I urge you to familiarise yourself with these proposals. In case they miss the newsletter deadline their website is www.blackbridge.weebly.com

Further work has been done at Redvale to address noise issues with the installation of acoustic barriers and I believe the problem area at Richards Road is greatly improved. Further work is required on odour control with a number of complaints originating on the western boundary.

The next CLC Meeting is on Monday 22nd February where these matters (noise & odour) will be updated. It is unfortunate that for a variety of reasons the next CLC meeting could not have been held prior to the publication of this newsletter. This is a matter being addressed in terms of future meetings/newsletters.

The long awaited website is now up and running after some initial navigation issues. The website can be accessed by going to www.wastemanagement.co.nz, clicking on "sustainability", scrolling down to "sites", clicking on "Redvale", and then scrolling down and clicking on "community page".

Mike Kunzli

Comment from your Local Board Member

John McLean

Concentration Risk

What is topical right now are landfills in Dairy Flat and so it is timely that I share with readers a little of what is happening with your Rodney Local Board and collectively our efforts to contain this issue.

Last month I had a meeting with the Consents Officer for Northern Resource Consents & Compliance – Auckland Council. This meeting followed in the wake of ongoing applications for new landfills in Dairy Flat, particularly Blackbridge Road and Kahikatea Flat Road and so this update is both timely and important to folk who live in these catchments.

The purpose of that meeting was to etch out more understanding of the Landfill application process and if possible set in place a policy framework for Rodney and if acceptable how that instrument could then feed through to the Unitary Plan which might provide the basis or framework for rural Auckland and landfills generally.

Recently an application was withdrawn on Glenmore Road in Coatesville following a public gathering with the landowner and when the landowner realized a landfill in a relatively intensified countryside living zone was perhaps an inappropriate location and could be injurious to health, it was withdrawn. So all credit to the landowner. It was an extremely good outcome for residents who would have been affected by that proposal.

Depending on the size of Landfill applications, elected members of Council (myself included) do not always hear of these outcomes until they are released to the applicant and to the public. Larger applications however we do hear about and our standard comment to the process is “ please notify ” or announce by advertisement a pending landfill proposal.

Why then are landfills needed? They are needed in the Auckland region to cope with the heightened building boom and the need to dispose of unwanted overburden or surplus Fill . However it also brings with it, a community resentment or feeling by the public of not being heard and eventually an unnecessary source of contention in our communities. Landfills will persist but it's a subject which needs close supervision and control because of the accumulated affects being felt by residents and the environment as a whole. .

At the heart of this subject lies also the concept of “concentration risk.” Too many landfills in one area brings an immediate public backlash. Warren Flaunty and I felt this late last year in a very large public meeting at Dairy Flat Hall when an application for a massive 940,000 m³ managed landfill was lodged with Council, and will shortly be heard by independent Hearing Commissioners. Over 200 objectors have voiced their concerns on this matter.

Remember this proposal is situated about 3 kms (as the crow flies) to the regional landfill at Redvale or Dairy Flat. and this application is being heard under the old Rodney Plan, which permitted this kind of activity in Rodney . We have argued equally the Rodney Plan is historic and it has served its time but we now need to look to future planning documents for regional-wide issues.

Concentration risk is a financial planning term which has relevance to this subject. There are two aspects to concentration risk and landfills. In Dairy Flat at present we have roads with three or more landfill applications. Let's say for example, these landfills all have 12 months duration each. The affects are these and the accumulated results can unfold in this manner. Presently it seems landfills are being assessed in a ‘silo’ fashion and the accumulated results are not being considered. Consequently two types of concentration risk emerge.

Vertical concentration risk: When all three landfills are operating at one time. Three times the effect of heavy trucks on the road, three times the road degradation and water contamination, and dust finding itself into residential water tanks etc.

Horizontal concentration risk: When these landfills unfold in a sequential manner. Instead of operating all in one year, it's stretched out over three years, hence three years of nuisance instead of one.

Council should not become involved in determining landfill zones either or areas of countryside suited to landfills. This will lead to land speculation and abuse of process. All applications should be assessed by their affects and according to the RMA process and on their own relative merits. For example large applications in relatively isolated rural valleys might receive greater weighting and acceptance than closely populated countryside areas. Relatively isolated rural areas might be better situated to absorb these essential activities rather than an intensively settled countryside living zone for example.

Small landfills of 200 m³ which can describe a new home under construction should pass through the consent process without pediment. They are too small and the effects are minor compared to large scale commercial operations.

Finally, the Unitary Plan talks of managed landfills, which includes clean-fills and contaminated landfills but again the Unitary Plan is light on detail and addressing the aspects of concentration risk.

These are some of the issues we are pursuing with Council at present.

John McLean
Elected Member
Rodney Local Board
Auckland Council

Dairy Flat School

We have had a very positive start to 2016. Our role is 263 and we expect that to grow to about 290 over the year. We are very pleased to welcome all our new students and their families to Dairy Flat School.

We are all energised, excited and ready for all the exciting learning opportunities that will be on offer this year. The BOT (Board of Trustees) has made a commitment to the further development of innovative learning spaces and teaching practices in the school. We are continuing to move towards a more flexible teaching model with a range of teaching spaces and furniture. Students will have the opportunity to work with different teachers and students in their team.

Students will be working on projects around a theme each term and teachers will continue to have a focus on catering for students, being mindful of their individual talents and needs. We are having a greater focus on teaching values this year. The overarching theme of the year is 'Choices'. We will be trying to always make good choices and this will be taught as part of our values programme. Our school values underpin our behaviour policy and are displayed in every classroom; Respect, Responsibility, Resilience, Consideration, Honesty and Fairness.

We would like to thank the Dairy Flat Community Trust who have donated funds for a new junior playground and upgrade of the senior playground. We look forward to our new playground being put in place in March.

"Education is the most powerful weapon which you can use to change the world." Nelson Mandela.

2016 YEAR DATES

Term 1 **2nd February – 15th April**
Waitangi Day - 8th February (Mondayised)
Easter Break – 25th March – 29th March

Term 2 **2nd May – 8th July**
Queen's Birthday – 6th June

Term 3 **25th July – 23rd September**

Term 4 **10th October – 16th December**
Labour Day – 24th October

Dairy Flat Community Hall Association (Inc)

Postal address: P.O.Box 300-123 Albany Auckland
Address Hall: Cnr. Postman Road
State Highway 17 Dairy Flat
E –mail : info@ DairyFlatLive.com

Did you know you have your own (community owned and not council owned) community Hall in Dairy Flat. The first part of the Hall was built in 1933 and the Hall has been extended and renovated many times. The Hall is available for community use every day of the week. The community use of the Hall is very low at the moment. The fundraising part of the Hall committee, Dairy Flat Live (Rhythm& Blues), and the Stetson Club (Rock & Roll) organizing live music in the Hall every Friday night. People come from all over Auckland for those Friday nights to Dairy Flat; sadly we don't see many locals. Supper is provided on those nights and the average entry cost is \$ 10.00 per person and we have a licensed bar with club prices.

Dairy Flat Hall Reserve

Did you know that the land on the left hand side of the Hall is a reserve?? Behind the Hall is a 160 m2 deck to connect the hall and the reserve and recently we built a stage 8 x 8 meter on the paddock/reserve side and 4 x 4 meter on the deck side.

Hall Hire

For Hall Hire please go to our web site <http://www.DairyFlatLive.com> If you want to start any club we will support you with making the Hall available for nearly no cost.

FREEMASONS

For information contact the Secretary,
Peter Colbourne, Ph: 09 426 9261.

Greenpark Preschool

We have had another very busy term. We started off with our contribution to Dairy Flat School 'Ag Day'. Their theme was 'Architecture'. We created Auckland City using box-construction. Each child built and painted their own shop or restaurant or buildings such as 'Daddy's Office Block'. The City Sky Tower was a group effort. We displayed this project in Room 4 on the day. Some of our children took their pet lambs and goats to be judged in the preschool judging ring.

We celebrated the Rugby World Cup by dressing up in All Black gear. We had rugby games on the lawn and did some training using the tackle bag. The children performed the Haka - exactly as they have seen it done on TV. Our families supported us by getting in to the spirit of the event.

We went to Dairy Flat School for a morning visit - we had parent help as we walked through the paddocks, climbing over the styles to reach the school fields - the purpose of this visit is to familiarise the children who will be attending there in the near future, with the school - making their transition as smooth as possible. It was very successful, the weather was perfect and the children had a wonderful time.

We have had a great interest in outdoor movement and games this term - we hired some special equipment from Harbour Sports - such as balancing beams and special sacks for sack races. Our weather has been very good for outdoor play.

Messy play has been another outdoor focus. We have had shaving cream, finger paint and gloop in the water trough and on the Perspex frame. This is a new experience for some children and it is great to see them participate as sensory experiences are very important - using a variety of mediums.

Water-play has been very popular in the sandpit - using downpipes and guttering to create flowing water in and out of the water trough.

We completed the term with a Christmas picnic and show that we performed for our families. The children acted out their favourite story book 'Where the wild things are'. It was a great success even though the rain made it difficult to enjoy the outdoors. So we had a rather soggy picnic. But a great time was had by all as Santa Claus was able to stop by for a visit.

For more information please check our website : www.greenpark.net.nz

Silverdale Squash Club

Silverdale Squash Club is a great venue to meet other socially minded people (and some even play squash well). If you have never tried squash - it's a great way to keep away the winter blubber without getting brain numbed at the gym!

Interclub squash runs throughout the year and we have teams to suit all abilities - men and women and several mixed Masters teams (the oldest is 72 so clearly you are never too old to enjoy squash!)

For juniors, tuition is still being run by the club's coach on Friday evenings - so if anyone under 16 is interested, email the club at tonyforde@hotmail.co.nz or see our Facebook page.

For those who want to get seriously fit and really improve their squash, our new coach Shelley Kitchen (ex New Zealand Number 1) is running coaching sessions for children and adults throughout the week. The only question is how can someone who makes you work so hard, be so nice!

We are always looking for new members - new to the game or experienced. Come along to Club Night on Thursday evenings 7.30 onwards and give it a go.

If you are not sure if you want to join for the year try a special 3 month membership for \$75

For more information, contact the club president Tony Forde on 021 204 8021, at tonyforde@hotmail.co.nz or at www.silverdalesquash.co.nz

Fitness League n.z.

Happy New Year to you all.

Classes have resumed for the New Year, after a break over the holiday period.

It is nice to catch up with everyone again, open all of the hall doors, and get moving to music again.

We welcome any age at our classes, so whether you are young or older, - fit ,or not so fit - why not come along and see if you would like to join us.

Please check out our website www.fitnessleague.org.nz or email me at olivem@clear.net.nz

And you can always ring me on 09 424 0402

Olive Morrison

Dairy Flat Cubs

Dairy Flat Cubs should start Term 1 with about 15 Cubs and Keas looks like 8 which is rather positive.

Cubs is celebrating 100 years this year so a lot of plans in the pipeline, Keas and Cubs will be doing a Kelly Tarlton sleepover which is loads of fun sleeping under the sharks.

We have Founders day which will be held at Browns Bay beach on Sunday the 21st of Feb the Zone will be attending and the Scout build and race their rafts a great family day.

Emma (Kea Leader) is walking for Oxfam and the children have an opportunity to walk around the Estuary and raise some money for those less fortunate than themselves.

We are looking for leaders as I am off for a few months with the family, so please contact me if you want to be a part of a fun and rewarding environment with your children.

Cubs have the chance to earn some swimming badges this term and I will be awarding badges for my budding gardeners from last term. We get back to basics with knots, pitching tents and all those wonderful things that we do at Scouts.

Any questions please contact me:

joanne.saunderson@gmail.com or phone 021 119 1211

North Harbour Sports & Country Club Inc

Waitoki Plants

Let's Stand in the Shade

Haven't shade trees come into their own this summer! A few well-placed trees make all the difference, whether to an outside space, the corner of the house or a paddock.

Trees with clear trunks throw their shade away from the base of the tree (except through the middle of the day, giving a pleasant breezy space to be in. These are great in paddock situations as the animals move around the tree with the shifting shade reducing the camping affect immediately against the trunk, helping to spread the manure drop and giving the sun access to the resting places as the shade shifts thus reducing bacterial build up.

Fenced corners also work well as there can be morning shade and afternoon sun and/or vice versa. My paddocks have a number of shade options which are well utilised depending on the time of day. Some gums I planted as a firewood option provide lovely afternoon shade into the adjacent paddock which the sheep enjoy as there is also a breeze which on humid afternoons as this one certainly is, it gives them an opportunity to dry and hopefully reduces the risk of fly strike.

Trees such as Oak give a dense summer shade and allow for winter sun by dropping their leaves, while Titoki provide similar shade year round. Kowhai (*Sophora microphylla*) is a smaller tree more suitable closer to a house, it too drops leaf late in winter just before the spring flower display and the Tui acrobatic show.

Shrubby trees for example Mahoe, Pittosporum, Camellia, can be pruned to produce a clear trunk giving a similar effect but without the same height, more suited to a smaller space.

For plants and advisory service you can contact me:

Lisa Clapperton at:

Silverdale Pony Club

What a great start to 2016. Our first FUNDAY for the year was a huge success, we had riders of all ages and levels turn up, and a fun day was had by all.

We also had Blyth Tait run a clinic at our club. It was amazing to have such a well renowned and world class Olympic rider come in and give almost one on one coaching. Everyone who attended the clinic was amazed at his knowledge and thoroughly enjoyed his coaching style. He is such a personable guy and he enjoyed the day as much as the riders did. He was also very impressed with our grounds and cross country jumps. This was great feedback to have, and all our hard working members and parents who built them should be very proud.

The great news is, he will be coming back to hold another clinic at our grounds in November, so for those who couldn't make it last time, you will have another chance to experience this wonderful opportunity.

The other big outing for a group of our adventurous members was pony club camp. Like last year they went down to the Bunkhouse in Awhitu on the South Head peninsula. Judging by the photos and the buzz from everyone who attended it was another fantastic camp that the kids (and parents) will always remember.

We are looking forward to the rest of our season, with more great events to come. As always, if you are interested in coming to watch any of the events, you are always more than welcome to pop in and see what goes on and how much fun everyone has.

SILVERDALE PONY CLUBS UPCOMING EVENTS

21st Feb WRAPC Interclub Teams Dressage
11th Mar XC and SJ practice
20th Mar FUNDAY
Nov TBA Blyth Tait 2 Day Clinic

HIBISCUS COAST
COMMUNITY LEARNING

A directory of community education providers
and courses available in the Hibiscus Coast area.

Learn a new skill, find a new hobby,
stay fit and active, and meet new people!

www.hbclearn.co.nz

Community Learning Directory available.

A Community Learning Directory for the Hibiscus Coast and surrounding communities has been produced to make it easier for people to find out what learning opportunities are on offer in our area.

There are over 140 tutors offering around 180 courses. The section headings are: Art and Craft, Business and Finance, Computing, Food and Cooking, Fitness and Recreation, Music and Dance, Language and Travel, Personal Development as well as a large section for Children and Teens.

This free directory booklet was delivered to all households on the Hibiscus Coast – unfortunately the funding received did not allow delivery to outlying areas. Copies are available in the Dairy Flat store, the Orewa and Whangaparaoa libraries and the Citizens Advice Bureau in Orewa.

You can also view the booklet by going to the website www.hbclearn.co.nz and clicking on the book cover.

If you are a tutor or know of someone who tutors who would like to be included in the Directory, complete the simple form under 'tutors' on the website. This is a free service for tutors.

We hope you find this Directory useful.

Blackbridge Environmental Protection Society Inc.

Saturday 27 February 2016
7pm at Dairy Flat Hall
Cnr Postman Rd & Dairy Flat Highway

- A great night out in the Dairy Flat community.
- Table for 8 people for \$160 or join a table for \$20 per person
- Cash bar and supper available
- Great items up for auction and raffles

Tickets available email: stopmanagedfill@gmail.com

Check out our Silent Auction items at www.blackbridge.weebly.com they include:

- 5 Night accommodation Hilton Denerau Island, Fiji
- Club Physical Membership
- Returns tickets to Tiritiri Matangi with 360 Discovery
- Snow Planet Family Pass
- 30 Min trial flight North Shore Aero Club

And much more
